## Welcome Message from the CEO of Beckfoot Trust: David Horn

### Thank you for taking an interest in Beckfoot Trust.

We are a highly successful cross phase multi academy trust established in 2013. We are proud to educate over 7000 learners in ten Bradford schools across Primary, Secondary and Special settings. This includes our Trust 6<sup>th</sup> Form that opens in September 2019 across four of our sites. We aim to create great schools with remarkable learning environments for each of our students to enjoy learning within and succeed. We do not accept mediocrity. We want to smash some of the glass ceilings that have been built up nationally about levels of potential within our communities. We aim for outcomes that place our schools within the top 20% of similar schools nationally

### Beckfoot Trust

We formed the Trust because we wanted to transform life chances for more Bradford children. We wanted to create a group of great schools that serve their local community. All our schools are comprehensive in character and co-educational. The local authority controls our admission arrangements to ensure that our schools serve local communities. We wanted to do something meaningful to reduce the social divide that exists nationally and locally. To ensure that every child regardless of their social background or physical ability can fulfil their talent. We wanted to see a curriculum in place in every school that requires our pupils to have to think and be articulate. For them to take ownership of their career pathway and expect to be successful in life. For them to grow up embracing the key British values of democracy, the rule of law, individual liberty and mutual respect for and tolerance of those with different faiths and beliefs and for those without faith.

All of our schools share similarities yet retain uniqueness. We all share a common approach to school improvement. The effective leadership in schools of the curriculum, teaching quality, behaviour management, pupil attendance, safeguarding, monitoring of academic progress and parental engagement is systemised and monitored centrally. We run finance and governance centrally and provide commercial and business support.

All of our schools have a distinct character. We all share the same value statement of 'Enjoy – Learn – Succeed' and from there each school has developed its own aspirational and distinct three-year strategic vision shaped by all within their community.

Five years in, we can say with confidence that we have made significant progress towards our goal. Three of our schools have now been inspected since joining the Trust and in every case they have improved their grade. Two of the three progressed to 'Outstanding' and the third school moved from 'Special Measures' to 'Good' in less than three years. Across the Trust, significantly more of our pupils are achieving national standards in reading, writing, maths at KS2 and GCSE. The pupil attendance trend is significantly upward and we are financially stable. Saying all that, there is a long way to go. We have only just begun!

Investment in people is the key to our future success. We want people to feel that working in a Beckfoot Trust school is a great place to be and that they are led with emotional intelligence by principled, strategic, highly visible and caring leaders. Our People and Talent strategy, supported by our Teaching School, ensures that we focus on maintaining excellent conditions of service for all staff, aligned to national pay and conditions. We invest in leadership development programmes for all. We ensure our schools have dedicated planning time and formalised CPD shaped by high quality appraisal. We are in the process of developing a formalised workload agreement and we survey our staff on this annually. We are creating a more diverse workforce that better reflects the communities we serve.

Probably the most important development has been in the culture of the organisation. The key benefit of a MAT is so that we can collaborate and learn from one another. We trust one another and believe in the collective rather than the individual. We have created a thriving community of schools and system leaders working in formal partnership to create great schools. Colleagues work together across schools, our pupils work alongside one another in arts and sporting events, debating competitions, Oxbridge programmes and much more. We are generous in sharing best practice and humble enough to know that someone else may have a better idea. We seek joined up solutions.

To conclude, we know that this model of working is having an impact for Bradford children. It is lovely to be working in partnership with so many outstanding educationalists who share the same moral purpose. The bottom line is we are building a culture of hope and possibility in our communities.

Read more about us across our website and please contact us at [BeckfootTrust@beckfoot.org](mailto:BeckfootTrust@beckfoot.org) if you would like to visit us and talk about our work in the Trust.

#### THE 10 KEY FEATURES OF OUR SCHOOLS

1. **Core Values:** All our schools share the same Trust Value statement: 'Enjoy - Learn - Succeed'. We believe that you have to enjoy learning to be successful.
2. **Learners:** Every one of our learners, regardless of social background, special educational need or academic starting point, is expected to achieve excellence academically and socially. We want our learners to be literate, numerate and possess good communication skills.
3. **Leadership:** Our leaders shape the culture, the strategic direction and the climate of our schools. They inspire colleagues. They are highly visible. They distribute leadership effectively and empower colleagues to innovate. They assess impact accurately and hold colleagues to account in an emotionally mature way. They are learners and seek regular feedback on the effectiveness of their leadership from pupils, staff and parents.
4. **Curriculum:** As a cross phase Trust, our curriculum seamlessly transitions from early years, to primary and then to secondary settings. We prepare our learners to flourish in the adult world by allowing them to learn appropriate knowledge and work related skills, and experience wider learning activities.
5. **Quality Teaching:** Our teachers design learning. They are experts in planning lessons with clear purpose to ensure that every learner can: a) problem solve, b) work independently and in teams, c) demonstrate leadership, d) create things that were not there before, e) show off what they have learnt, and f) reflect on how to do even better.
6. **Climate for Learning:** The school creates the climate that allows learning to flourish. Learners feel safe, they are rewarded for great attendance and positive behaviour. They both respect and contribute positively to the community.
7. **Staff Welfare and Professional Development:** Our staff are cherished. Their work life balance is preserved. Pointless bureaucracy is abandoned. Staff have formally identified time to plan and work collaboratively. Their professional development is paramount and stems from self-reflection and appraisal. We seek to identify talent and promote from within the Trust.
8. **Parents:** Our schools actively involve parents in all aspects of the school's activity. They are key partners in supporting their child's learning. We communicate effectively with them and encourage them to visit the school regularly to discuss their child's learning and to see them exhibit their work.
9. **Data:** Data is used Trust wide to gather appropriate information so as to systematically and accurately inform learning development for both learners and staff.
10. **Commercial Effectiveness:** Every school is cost effective, links in fully to shared service development and is legally compliant in all aspects including safeguarding
