

Annual Report to Parents 2019

Dear Parents and Guardians,

I'd like to start by welcoming new families to Beckfoot Trust. I hope that you feel excited to have secured a place for your child within one of our schools. The purpose of the report is to update you on the progress of the Trust.

We have ten schools in our Trust. All are located in the Bradford area and serve their local community. Our aim is to provide great schools for our pupils to grow up and learn in.

All of our schools are improving, some rapidly, as a result of working together as one team of schools. The intention is that every Beckfoot Trust school will achieve an Ofsted judgement of good or better. You can see on the right where we have got to.

School	Type of School	When they joined the Trust	Ofsted rating since joining the Trust
Beckfoot School	Secondary	2013	Outstanding (2014)
Hazelbeck Special	Special	2013	Outstanding (2015/2019)
Beckfoot Upper Heaton	Secondary	2015	Good (2018)
Beckfoot Allerton	Primary	2016	Requires Improvement (2019)
Beckfoot Heaton	Primary	2016	Good (2019)
Beckfoot Oakbank	Secondary	2016	Requires Improvement (2019)
Beckfoot Thornton	Secondary	2016	Requires Improvement (2019)
Beckfoot Phoenix	Special	2017	Not yet Inspected
Beckfoot Priestthorpe	Primary	2017	Not yet Inspected
Beckfoot Nessfield	Primary	2018	Not yet Inspected

Some of our highlights:

- Very positive Ofsted judgements for those of our schools that have been inspected since joining the Trust. Two are now outstanding schools, others have progressed to being good, whilst others still requiring improvement are clearly improving at pace.
- In terms of results this year:
 - > At the age of five, 72% of our children achieved a 'good level of development', up from 68% in 2016. This says a great deal about what our schools are doing in nursery and reception years. These children are well placed to do well at primary school.
 - > By the age of eleven, 50% of our children achieved the expected standard in reading, writing and maths compared to only 34% in 2016. This prepares them well for secondary school.
- By the age of sixteen, 55% of our young people achieved a GCSE at Level 4 or above in both English and Maths compared to 48% in 2016.
- At eighteen the average A level grade in our schools was a C grade. Our newly established Trust 6th Form based at Beckfoot, Beckfoot Oakbank and Beckfoot Thornton will raise standards further.
- We have established annual or bi-annual Trust-wide events linked to sports, arts and debating.
 - > Well done Beckfoot Allerton for winning the Trust Debating competition this year. They were amazing. All of our schools are developing more and more learning opportunities for children to talk about ideas. Talk matters!
 - > We love the Sports and Arts. Last year we had our first ever Trust Arts Festival where children from all our schools showed their talents in dance, drama, art and music. It was great.

> Sports Day was fantastic with Year 6 and Year 7 children from all of our schools competing. Winners included children from all our schools. It was a particular joy to see children from our special schools competing against others from our mainstream schools and winning! Overall Beckfoot Priestthorpe and Beckfoot schools took the honours this year.

- We really believe in empowering our pupils. We want them to have a view about the world they live in. We held our first ever Trust-wide student conference in February 2019 which was brilliant. Student leaders challenged us to make sure our schools are fit for children growing up in the 21st century. The world is rapidly changing, the pressures on young people are more complex and of course the world of work is very different. We need to make sure our schools move with the times, keep our children safe, develop them as people, make sure they have ambition and prepare them for a great future.

- A similar theme has been evident within our Trust Conferences for our staff. Out of the Conference this year we have created a new vision for our Trust 'Creating Remarkable Schools'. You can find it on our website at <http://www.beckfoottrust.org/?p=62808>.

Finally, this year we are going to explore in detail how we can do more to engage with you as families. We know that a child has the best chance of succeeding in school if they know their family and school are working together as their support team. To start us off it would be really helpful to get some feedback from you on what you feel we are doing well, and how we can get better. The link to the Survey is below. I promise it won't take more than ten minutes of your time!

Annual Report: Beckfoot Nessfield 2019-20

Our core purpose at Beckfoot Nessfield is to nurture and empower all our children to succeed in life.

We have artists, runners, dancers, horse riders, footballers, singers, mathematicians, authors, environmentalists and a few comedians! Whatever our children want to achieve, we are here to work alongside parents to provide them with the skills to enable them to fly. Our school logo is an owl and we want our children to 'soar ahead'.

Our new curriculum offer is intrinsic in enabling our children to thrive. It is built around four key drivers: possibilities, initiative, diversity and community. These nurture our children into rounded young people ready for what life has in store for them:

Possibilities: we grow children's aspirations by opening up all possibilities. They take part in enterprise and fundraising events, experience different jobs and careers, engage in global issues and are inspired to travel. They take part in a myriad of trips to enrich their learning. There is never a week when we are all in school!

Initiative: we want our children to grow as independent learners by encouraging them to investigate their own lines of interest. We want them to ask difficult questions and not be dependent on adults for answers. They are the 21st Century generation skilled in new technologies!

Diversity: our diverse school community makes our school special. Our pupils feel

secure, valued and are confident to talk about their beliefs and feelings. They learn to celebrate difference through a thoughtful range of experiences including visits to places of worship; local history topics and community members sharing their lives and beliefs.

Community: our children are positive members of their community. Our children are amazing and take part in a wide range of activities in and out of school. They are passionate fundraisers and care about the world in which they live. We teach them honesty, trust and respect. We hold shared values and high expectations for all.

These unique drivers thread through everything in school and we will continue to develop them in 2020. We welcome

your input. If you have an interesting job or hobby, we would like to know. If you have an interesting family history, we want to know or if you want to support on one of our trips, let us know. Working together we will ensure Beckfoot Nessfield children soar ahead!
